Westerly Company Ready For Camp

Orders Issued for Tour of Duty at Fort Greble—Police Officer Clancy Declines Appointment—Alleged Trespass at Quarry Hole—Roster of High School Graduating Class.

The members of Fifth company of Westerly, Coast Artillery corps, are busy this week preparing for the annual tour of duty with the regulars which begins next Saturday, the local company having been assigned to Fort Greble.

Capt. Walter Howe, commanding the Narragansett Artillery district, has issued orders as follows: Sunday, June 13—Establishing camp, drawing rations, looking over fortifications and preparing manning tables. Monday, June 14—Progressive instruction and battery drill. Tuesday, June 15—Battery drill, sub-calibre practice. Wednesday, June 16—Service practice drill, powder blending, sub-calibre practice, musket.

Thursday, June 17—The same work. Friday, June 18—The same work. Saturday, June 19—Service practice, pay, district athletic meet. There will be a parade daily by the National guard at Fort Adams and Greble, at such times as will least interfere with the coast artillery work. No infantry drill will be held. The period from 3 p. m. to 11 p. m. on Friday will be devoted to a simulated attack on the defenses of Fort Greble and the corresponding period on Saturday night to a similar attack upon Fort Adams and Fort Vetherville. In these attacks landing parties have been forbidden. There are also prospects of its being quiet at night in Newport this year, for no blank charges for sea-bombs will be fired during these exercises for instruction purposes.

Lieut. Col. Charles H. Ledward of Westerly will be in command of the state troops at Fort Greble. Capt. Arthur N. Nash, ordnance officer, also of Westerly, will be at the same station. At the funeral of Joseph H. Crandall Monday afternoon there was a large attendance at the services held in the Broad street Christian church. The body was accompanied from the home of the deceased in Chestnut street to the church and from thence to River Road cemetery by Franklin Lodge of Masons. Burial was according to the Masonic ritual and conducted by Arthur D. Remington, master of Franklin Lodge.

Michael Clancy, who was appointed special police officer for Water Hill during the summer season at the recent meeting of the Westerly town council, upon his personal application, has, owing to a change in circumstances, declined the appointment and so informed Chief Brandisfield when called for duty Monday. Harry Cook, a Brown university student, has acceptably filled the place for the past two seasons, but he declined to be a candidate in opposition to Mr. Clancy. Now that Mr. Clancy has withdrawn, Mr. Cook will make application for reappointment. The special officer is for day duty, while Mr. Lamphere guarding the hill in the night season.

A peculiar case, the first to be brought in Westerly, will be put in the legal tryout today (Tuesday). It is a case of trespass against a young man and brought by the Smith Granite company. The trespass consists of entering upon the property of the company and fishing from the big quarry hole. Arrests have occasionally been made for fishing in prohibited brooks, streams, ponds and lakes, but never before for angling in a forbidden quarry hole. This abandoned quarry hole is perhaps one hundred and fifty feet deep and of large area and is almost filled with water. Some years ago this hole was stocked with trout as an experiment and the fish thrived therein. People have trespassed on the property and the owners published notices forbidding trespassing on the property and fishing in the quarry hole. This man did not heed the warning and the arrest and prosecution is the result.

The commencement exercises of the Westerly High school are to be held on Wednesday of next week in the Bliven opera house. The graduating class is as follows: John T. Allen, Louis A. Babcock, Clyde L. Barker, William A. Broadfoot, Clyde L. Burrows, James H. Callahan, Charles E. Champlin, Chester C. Crowl, Warren I. Clifford, George E. Crowl, Arthur H. Coy, Elmer J. Flynn, Edwin D. Hawks, James A. Hemphill, Aubrey L. Maddock, Howard S. Pember, Henry S. Proctor, David H. Robinson, Vernon Bradley, Adah G. Brown, Mabel M. Browning, Susan A. Browning, Mary L. Buffam, Genevieve Burdick, Lucy J. Burdick, Agnes Chapman, Phyllis Cottrell, Helen B. Hogan, Gertrude C. Kelleher, Nellie C. Lamphere, Eugenia Morgan, Helen M. Moore, Dorothy Phillips, Katherine G. Price, Mary L. Randall, Mae L. Robinson, Euphonia M. Sloan, Leoda M. Standish, May Sullivan, Elizabeth A. Thompson, Helen M. Tuck, Mary C. Utter, Irene Vose.

At a meeting of the junior class Monday afternoon Charles Anderson, Henry Clark and John Hoeg were selected a committee to decorate the opera house for the graduation exercises. Miss Austin, Miss Nye and Harry Nichols were appointed a committee to nominate the senior board for next year.

The Secret of Prize Winning Pastry

Fourteen prizes (nearly all of them firsts) out of fifteen entries of cakes and fine pastries is record that any woman might envy. This was the showing made recently by Mrs. J. H. Chastain, 239 S. Boulevard, Atlanta, Ga., at the Georgia State Fair. Her explanation of her success is decidedly interesting; she writes:

"I entered nine cakes and six pies at the Georgia State Fair, Atlanta, Ga., and won eight first premiums on cake, three first premiums on pie and two second prizes, also first premium on general display. I attribute my success in cake making altogether to using COTOLENE exclusively. Mrs. Chastain is the wife of the Master Mechanic of the Western & Atlantic R.R. and enjoys a high local reputation for her fine cooking. Not only does she use COTOLENE in making cakes or crusts and other pastry, but for frying chicken, fish, etc., she finds it unequalled. For over nine years she has not had a pound of lard in her house, using COTOLENE exclusively."

The one hundred and thirty-second anniversary of the stars and stripes was observed Monday in the schools of Westerly. The flag was displayed from the Memorial and school buildings and many other places.

Phoebe Green Ward chapter of Westerly, Anna Warner Bailey chapter of Groton and Lucinda Shaw chapter of New London, Daughters of American Revolution, held patriotic exercises in the Westquodock casino Monday in observance of Flag day.

The Westerly Ministerial association held a regular meeting and annual reunion and dinner in Stonington Monday evening at the residence of the pastor, Rev. George B. Spaulding of the Road Congregational church.

Herbert Rodney Ellis is to present a trophy banner to the Westerly High school team, champions of the eastern division of the Intercollegiate league. The banner will be appropriately inscribed and given place in the school room in the school building. The local team expects to win the state pennant to be placed beside the Ellis banner.

CANDLE BOARDS. The mother who has many birthday parties to give should by all means invest in a candle board. It is a much more convenient and more pleasant way to trim a cake than to stick candle holders into it, with the danger of grease mingling with the icing.

These boards can be bought, but it is wiser to have them made. They should be circular and big enough for the cake to slip down easily between the rows of candles on the outside. The outer rim of the board is filled with small holes, into which can be screwed as many tiny candle holders as are needed. Often these boards are made of burnt wood with an appropriate motto burnt into it as "Many happy returns of the day." Another year, another leaf is turned within that volume brief.

If one does not wish to go to the expense of a decorated board, any carpenter will make you a large circle of white pine or of white wood, which can be finished with a white shellac, or can be given a coat of two of white paint, covered with white enamel, so that it can be easily scrubbed.

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

you ever see any one trying to wash themselves without soap or water? If you did what would you say of him?

It is every bit as foolish to try to get rid of dandruff and to prevent baldness by feeding the germs which cause it, with Cantharides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Growers.

Newbro's Herpicide is "successful because it attacks and kills the parasite germ which feeds on the hair roots. It is the original and only genuine scalp germicide manufactured."
